Document One
Here we have a page that is full of information. It has part of it that is a 'view port' into another part of the virtual space, in this case another document which is located spatially to the right.
912a
Over here a second page is located spatially to the right of the first page, as you can see the user can get to this page two ways 1. By panning to the right or 2. By flying through the visual wormhole and being 'teleported' over here. Of course the experience would appear analog and seamless.
